

# SEND Analysis Dashboard

*Wandsworth*

October 2025

## Purpose of this dashboard

This dashboard draws together a range of SEND indicators into a concise, graphical report. It compares your LA performance with England and statistical neighbours averages, as well showing trends over time. It can be used to identify relative strengths and weaknesses, plan and commission services, set targets and demonstrate impact. The dashboard covers key datasets relevant to the 3 questions, as in the evaluation schedule in Ofsted's SEN Inspection Handbook, that inspectors answer when making their evaluations<sup>1</sup>:

- A. Identification: *How effectively does the local area identify children and young people with SEND?*
- B. Assessment & Provision: *How effectively does the local area assess and meet the needs of children and young people with SEND?*
- C. Outcomes: *How effectively does the local area improve outcomes for children and young people with SEND?*

The dashboard should therefore be particularly useful in preparation for and during an Ofsted inspection, as well as informing planning throughout the year.

## Contents

|   |           |
|---|-----------|
| <b>How to interpret the analysis</b>          | <b>3</b>  |
| <b>A. Identification</b>                      | <b>4</b>  |
| Prevalence - Resident population              | 5         |
| Prevalence & primary need - School population | 6         |
| <b>B. Assessment &amp; Provision</b>          | <b>7</b>  |
| Implementation                                | 8         |
| Provision for EHCP pupils & Adulthood         | 9         |
| Finance                                       | 10        |
| <b>C. Outcomes</b>                            | <b>11</b> |
| Primary attainment                            | 12        |

^Exclusions data for 2021 is for the full academic year but is impacted by the school closures (though exclusions were still possible). This data is therefore not directly comparable with other years.

Statistical neighbour ranks are out of 11 and England normally out of 153. Key: '-' Data is unavailable. '\*' No data or data suppressed.

## Statistical neighbours

Statistical neighbours are a way of benchmarking your performance against other local authorities that have similar characteristics, rather than simply being geographically close. The statistical neighbours for Wandsworth are listed below, ranked by similarity to Wandsworth (1 being most similar) and with their state-funded school population size. This reflects the May 2025 updates to statistical neighbours.

| Rank<br>(1 = Most alike) | LA                     | School population |
|--------------------------|------------------------|-------------------|
| -                        | Wandsworth             | 32,000            |
| 1                        | Hammersmith and Fulham | 20,000            |
| 2                        | Kingston upon Thames   | 27,000            |
| 3                        | Merton                 | 28,000            |
| 4                        | Lambeth                | 35,000            |
| 5                        | Lewisham               | 38,000            |
| 6                        | Barnet                 | 62,000            |
| 7                        | Reading                | 25,000            |
| 8                        | Bristol, City of       | 63,000            |
| 9                        | Brighton and Hove      | 30,000            |
| 10                       | Bromley                | 53,000            |

NB. The statistical neighbour average in the dashboard is non-weighted and includes Wandsworth.

## Data sources

Below is the list of data sources including the latest year of data shown on the dashboard. Full footnotes and methodologies can be found within the individual sources.

### Prevalence & characteristics - school and resident populations

1 <https://www.gov.uk/government/collections/statistics-special-educational-needs-sen>

Section: Statements of special educational needs (SEN) and education, health and care (EHC) plans / Latest time point on dashboard: Data taken from 2025 SEN2 return. Notes: 2021 and 2022 data is impacted by COVID-19. Some indicators are based on the 2023 calendar year. 0-25 percentages calculated using 2023 ONS population. Data based on where the pupil is resident

2 <https://www.gov.uk/government/collections/statistics-looked-after-children>

Section: Outcomes for children in need, including children looked after / Latest time point on dashboard: March 2024

Notes: Looked after children refers to those looked after continuously for at least twelve months at 31st March. Children on a child protection plan excludes looked after children. Children in need excludes those on a child protection plan and looked after children. Data matched to census and refers to compulsory school age children only. Data based on young people whom the local authority looks after

3 <https://www.gov.uk/government/collections/statistics-special-educational-needs-sen>

Section: National statistics on special educational needs in England / Latest time point on dashboard: January 2025 / Notes: Figures are for all schools, including non-maintained special schools, and independent mainstream and special schools. Data based on where the pupil attends school

4 <https://www.gov.uk/government/collections/statistics-special-educational-needs-sen>

Section: National statistics on special educational needs in England. / Latest time point on dashboard: January 2025 / Notes: Figures are for state-funded schools only. AP/PRU includes State-funded alternative provision schools (pupil referral units, alternative provision academies and free schools). Data based on where the pupil attends school

5 <https://www.gov.uk/government/collections/statistics-special-educational-needs-sen>

Section: National statistics on special educational needs in England / Latest time point on dashboard: January 2025 / Notes: Data presented (including national) is a weighted average of state-funded primary, secondary and special school data (PRUs are excluded). Includes both EHCP and SEN Support pupils. The very small number of special school pupils recorded as having no SEND are excluded from this analysis. Data based on where the pupil attends school

### Implementation

6 <https://www.gov.uk/government/collections/statistics-special-educational-needs-sen>

Section: Statements of special educational needs (SEN) and education, health and care (EHC) plans. Latest time point on dashboard: Data taken from 2025 SEN2 return but indicators are based on 2024 calendar year. 0-25 percentages calculated using 2023 ONS population. Notes: 2020 and 2021 data is impacted by COVID-19. Percentage of assessments refers to assessments where a decision was reached in that calendar year. By 1 April 2018, local authorities were required to have transferred all statements to EHCPs, or to have made a decision not to issue an EHCP. Data based on where the pupil is resident. Following the change to a person level SEN2 collection in 2023, the following changes have been made in the latest release of data:

-Children still being assessed for an EHCP in January is not available for the latest year.

-EHCP discontinued: "Left school" is no longer used, but additional reasons have been introduced (including no longer wishes to engage in education, reached age 25, and moved to higher education or employment). The dashboard also shows deceased and moved abroad in the "Other reason" category, which may not be comparable with previous years "Other reasons". The "transferred to other LA", "SEN met without EHCP" and "Other" totals include reasons for non-school age pupils.

-Mediation and tribunal data now shows a breakdown for these resulted from a decision to assess, or a decision to issue. The proportion of mediation cases that went to tribunal is not currently available for 2022.

-For the first time in 2025, the Department of Education published the rate of SEND tribunals (as a percentage of all appealable decisions), which had previously been published by the

### Provision for EHCP pupils & Adulthood

- 7 <https://www.gov.uk/government/collections/statistics-school-and-pupil-numbers>  
Section: National statistics on school numbers / Local authority tables / Latest time point on dashboard: January 2025. Notes: Number of special schools and number of pupils in special schools both include hospital schools. AP/PRU includes all state-funded alternative provision schools. Data based on where the pupil attends school
- 8 <https://www.gov.uk/government/collections/statistics-school-and-pupil-numbers>  
Section: Cross-border movement / Latest time point on dashboard: January 2025. Data based on where the pupil is resident and where they attend school
- 9 <https://www.gov.uk/government/collections/statistics-special-educational-needs-sen>  
Section: Statements of special educational needs (SEN) and education, health and care (EHC) plans. Latest time point on dashboard: January 2025. Notes: 2021 and 2022 data is impacted by COVID-19. Data is grouped to a higher level than in the source in order to simplify analysis. Percentages of 16-25 year olds with an EHCP are calculated using a sum of the 16-19, and 20-25 EHCP population reported in the same data source. AP/PRU includes LA maintained, academy or free school AP or PRU. Data based on where the pupil is resident.
- 10 <https://digital.nhs.uk/data-and-information/publications/statistical/adult-social-care-outcomes-framework-ascof>  
Latest time point on dashboard: 2023/24 financial year. 'Adults with learning disabilities' refers to adults with a primary support reason of learning disability support who received long term Nursing, Residential or Community support. Data based on where the person is resident. There was no data on the percentage of adults with learning disabilities in paid employment published for 2024.
- 11 <https://explore-education-statistics.service.gov.uk/find-statistics/planned-la-and-school-expenditure>  
Latest time point on dashboard: 2025/26 financial year. Data generally based on the resident population of all young people of the relevant age. SEN Support budget includes for home educated children

### Primary attainment

- 12 <https://www.gov.uk/government/collections/statistics-early-years-foundation-stage-profile>  
Section: Results at national and local-authority level / Latest time point on dashboard: 2023/24. Data based on where the pupil attends school
- 13 <https://www.gov.uk/government/collections/statistics-key-stage-1>  
Section: Phonics screening check and key stage 1 assessment - Phonics Tables / Latest time point on dashboard: 2024/25. Data based on where the pupil attends school
- 14 <https://www.gov.uk/government/collections/statistics-key-stage-1>  
Section: Phonics screening check and key stage 1 assessment - KS1 Tables/ Latest time point on dashboard: 2022/23. Data based on where the pupil attends school
- 15 <https://www.gov.uk/government/collections/statistics-key-stage-2>  
Section: National curriculum assessments at key stage 2 / Latest time point on dashboard: 2024/25 provisional. Data based on where the pupil attends school

### Secondary and post-16

- 16 <https://www.gov.uk/government/collections/statistics-gcse-key-stage-4>  
Section: GCSE and equivalent results, including pupil characteristics / Latest time point on dashboard: 2024/25 provisional  
Data based on where the pupil attends school

**17** <https://www.gov.uk/government/collections/statistics-attainment-at-19-years>

Section: A level and other 16 to 18 results / Local authority tables / Latest time point on dashboard: 2023/24 revised

Data based on where the pupil attends school

**18** <https://www.gov.uk/government/collections/statistics-attainment-at-19-years>

Section: Level 2 and 3 attainment / Latest time point on dashboard: 2023/24 (Aged 19 in 2023/24 academic year)

Data based on where the pupil attends school

**Pupil destinations****19** <https://www.gov.uk/government/collections/statistics-destinations>

Section: Destinations after key stage 4 for state-funded mainstream and special schools / Latest time point on dashboard: 2022/23 cohort (Destination in 2023/24)/ Notes:

Special/AP/independent/other provision includes all specialist, alternative, and independent provision, as well as pupils who have completed the required six months but with two different providers (e.g. a month in sixth form followed by five months in an FE college). Data based on where the pupil attended school

**20** <https://www.gov.uk/government/collections/statistics-destinations>

Section: Destinations after key stage 5 for mainstream school and college students / Latest time point on dashboard: 2022/23 cohort (Destination in 2023/24) Note: Based on the destinations of young people completing an A level or equivalent level courses only (level 3 cohort). Due to changes in the way the cohort is defined in 2021/22, the 2022 KS5 data is not directly comparable to other years. Data based on where the pupil attended school

**21** <https://www.gov.uk/government/publications/neet-and-participation-local-authority-figures>

Latest time point on dashboard: March 2025 / Notes: Data shows the March figure for each year.

Data based on where the student is resident

**22** <https://www.gov.uk/government/publications/neet-and-participation-local-authority-figures>

Latest time point on dashboard: 2025 / Notes: Data is always given for the average of December, January and February.

Data based on where the student is resident

**Absence****23** <https://www.gov.uk/government/collections/statistics-pupil-absence>

Latest time point on dashboard: 2023/24 (Full year)

Note: Data for 2020 and 2021 was impacted by COVID-19 related school closures and is therefore not comparable to other years.

Sessions missed due to self-isolation, shielding, quarantining after returning from abroad and class bubbles sent home are not included as absences. However, sessions missed due to a pupil having a confirmed infection of COVID-19 are included as absences. Data based on where the pupil attends school.

**Exclusions****24** <https://www.gov.uk/government/collections/statistics-exclusions>

Latest time point on dashboard: 2023/24 academic year. Note: Exclusions data for 2021 is for the full academic year but is impacted by the school closures (though exclusions were still possible). The 2021 data is therefore not directly comparable with other years. Data based on where the pupil attends school
